NOT ALL COMPOSITE DECKING IS THE SAME

WHAT MAKES US UNIQUE?

COMPRESS TECHNOLOGY™

All our boards are compression molded, not extruded. We are the only composite decking manufacturer that can say that. This proprietary process uses tremendous heat and pressure to squeeze out air pockets – bonding the cap and core together and creating the deep grain we're known for.

EVERGRAIN CORE™

The core of all our boards is built on EverGrain – decking that has been around for more than 20 years and is trusted in high-traffic and harsh weather landmarks across the United States.

UNMATCHED BEAUTY & STYLE

We developed this recipe to give our decking a truly unique appearance unlike anything else on the market. With deep non-repeating grains and distinct colors throughout each board, every deck replicates the unique beauty found in nature.

STRONG
cap-to-core

LUXURY DECKING

Envision[®]

DISTINCTION

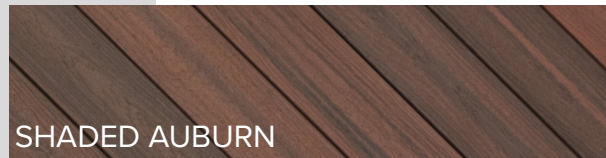

CHOOSE FROM 4 BEAUTIFUL HUES

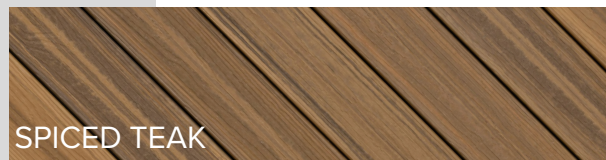

GREY WOOD

RUSTIC WALNUT

SHADED AUBURN

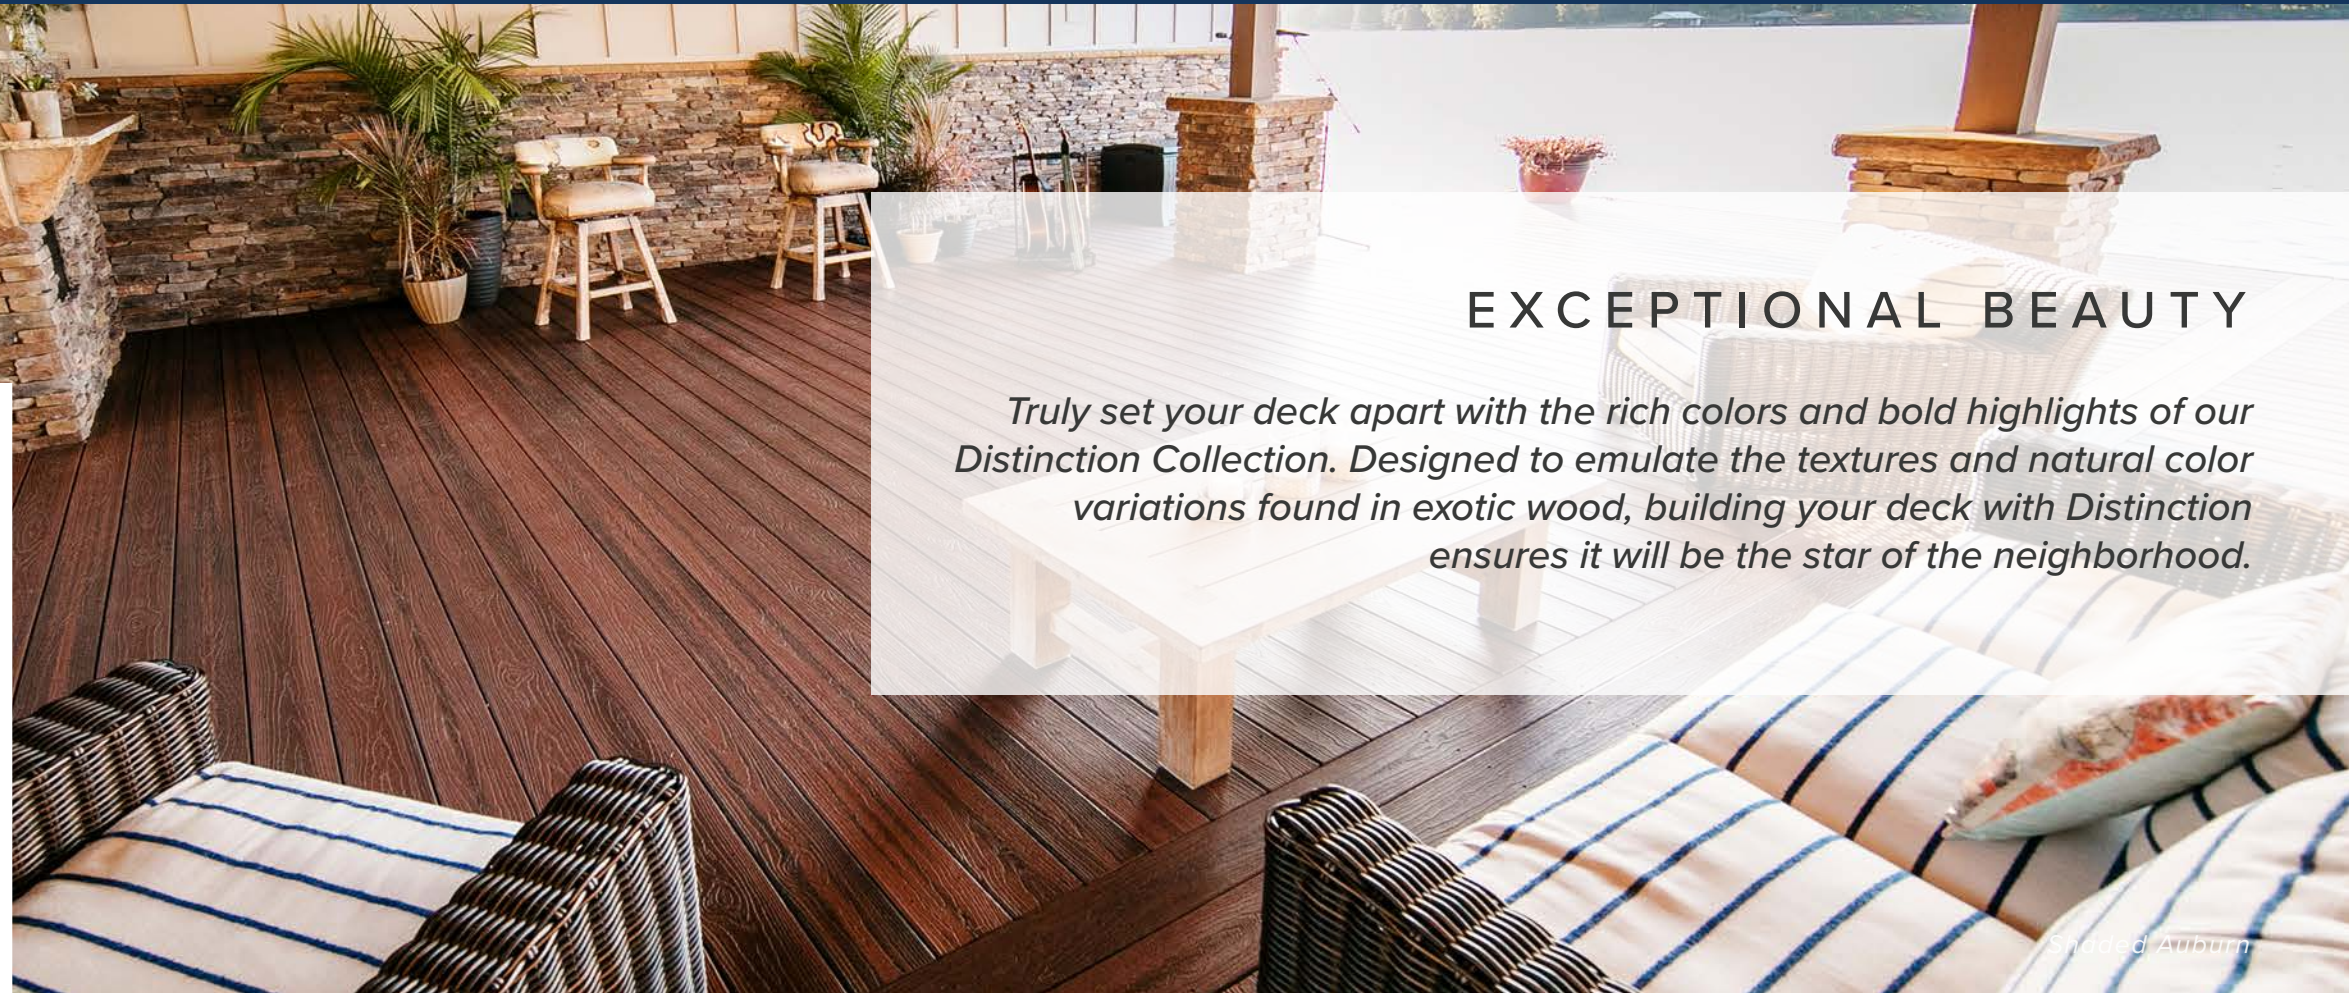

SPICED TEAK

Available in 12', 16', or 20' lengths
*Companion skirting available in all colors

BOASTING MULTIPLE COLORS AND HIGHLIGHTS AND DEEP, NON-REPEATING GRAINS IN EACH BOARD.

EXCEPTIONAL BEAUTY

Truly set your deck apart with the rich colors and bold highlights of our Distinction Collection. Designed to emulate the textures and natural color variations found in exotic wood, building your deck with Distinction ensures it will be the star of the neighborhood.

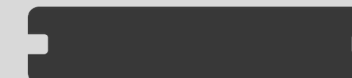

Authentic deep grains are compressed into the board for naturally random patterns that mimic real wood grain.

BOARD PROFILES

Square edge

Grooved edge

Backed by our 25-year residential and commercial limited warranty, and an industry-leading 5-year full start period.

SIGNATURE DECKING

New England Post Cap

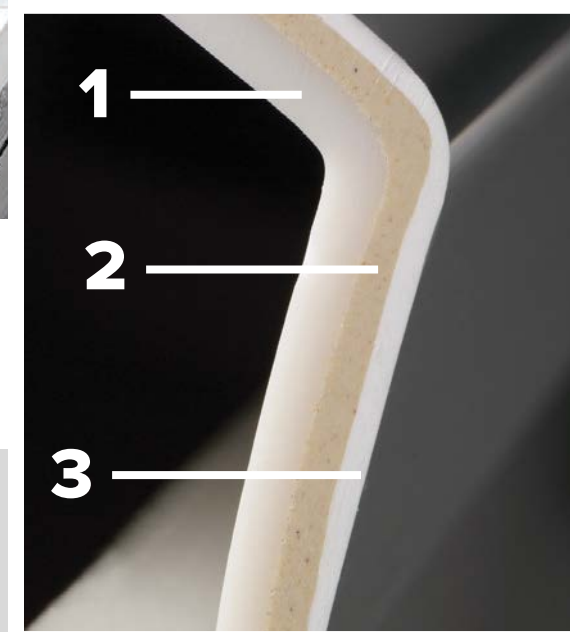

NO METAL INSERTS IN THE 6' OR 8' SECTIONS MAKE TAM-RAIL LIGHT IN WEIGHT AND EASY TO CUT AND INSTALL — NO SPECIAL TOOLS ARE NEEDED.

Backed by our 25-year residential and commercial limited warranty, and an industry-leading 5-year full start period.

RESIDENTIAL | MULTI-FAMILY | COMMERCIAL

With its patented triple-layer construction, the TAM-RAIL system creates code-approved strength with no metal inserts. When you add its convenient kit packaging for simple installation, you have an easy choice for outstanding railing performance.

- 1** Interior layer is a protective, sturdy base formulated for impact resistance.
- 2** Middle layer is an innovative composite wood and foam core that adds stiffness.
- 3** Outer layer is made from durable cap stock for an attractive look that is weather resistant and low maintenance.

GO BEYOND THE DECK.

Our decking can be used in a multitude of applications beyond a traditional deck. How will you create your dream outdoor space?
