Authentic deep grains are compressed into the board for naturally random patterns that mimic real wood grain.

Backed by our 25-year residential and commercial warranty, and an industry-leading 5-year full start period

*Weathered Wood*

*Representation of these colors is as accurate as modern technology will permit. As with any composite product, color variations will occur. View several full length boards prior to final color selection. Colors will usually weather to a lighter shade within the first several months of exposure to the environment. Color selection may vary across profiles. For product specifications and additional information visit [EnvisionDecking.com](http://EnvisionDecking.com).*
